2023

Buckling and lift-off of a heavy rod compressed into a cylinder.

Shah R and van der Heijden GHM. *Journal of The Mechanics and Physics of Solids* vol. 182, 105464-105464.Elsevier.

A systematic literature review of university-industry partnerships in engineering education.

Shah R and Gillen AL. *European Journal of Engineering Education* vol. 49, (3) 1-27.Taylor and Francis Group.

Making community-based learning and teaching happen: findings from an institutional study.

Shah R, Preston A and Dimova E. *London Review of Education* vol. 21, (1) 1-17.Ucl Press.

Static friction models for a rod deforming on a cylinder.

Shah R and van der Heijden GHM. *Journal of The Mechanics and Physics of Solids* vol. 173, 105224-105224.Elsevier.

2016

Localized nonlinear waves on quantized superfluid vortex filaments in the presence of mutual friction and a driving normal fluid flow.

Shah R and Van Gorder RA. *Physical Review E* vol. 93, (3).American Physical Society.
